## Maximum Speed. Minimum Downtime

The Carton Serialization with Tamper Evident Labelling is designed to elevate your serialization operations by combining high-speed performance with tamper-evident labelling. Its compact and durable structure minimizes space usage while delivering a serialization capacity of up to **320 cartons per minute**.

### High-Speed and Secure Operation

- Adds a unique 2D code to each product carton using **TIJ, CIJ, or Laser** printing technologies.
- Verifies code quality and readability with integrated **OCR/OCV** and high-resolution cameras.
- Applies **tamper-evident labels** precisely to ensure product integrity.
- Rejects faulty cartons using a **locked reject box**, organized by reason for removal.
- Seamlessly integrates into **high-speed, dual-direction** production lines.

### Tailored for Compliance Across Industries

Designed to meet global traceability standards like **DSCSA, EU-FMD, and SNCM**, the ISSTE-200 is ideal for **pharmaceuticals, food, cosmetics, and medical devices**. Integrated with **VISIOTT TPS Line Manager and Plant Manager**, it delivers full compliance and operational control from a single interface.
